30 4061 1 Relay

30 4062 2 Relay

30 4063 3 Relay

30 4064 4 Relay

30 4065 5 Relay

30 4066 6 Relay

7+ Relays (Contact Us For A Custom Quote)

Please note that all panels are completely customary and built per your specification and job. All panels are final sale, under no circumstance can custom panels be returned, exchanged, or returned to be reworked.

Each Zone can handle up to 9,000 Watts at 240 Volt or 8,000 Watts at 208 Volt.

Any heater voltage other than 240 Volt is considered custom and cannot be returned or exchanged.

If 480 Volt there is a required Contractor Acknowledgement Document that must be signed and returned.

All orders with custom panels and/or custom heaters must be signed at the time of order to ensure correct specifications are being ordered.
